## Dartmouth YMCA

Spring 2 Session • April 22 – June 16, 2019

### GET STARTED PROGRAM

Our Get Started Program is a series of three complimentary appointments designed to support you in pursuit of your health and wellness goals. A wellness coach will meet with you to discuss your needs and interests and together you will develop an achievable plan for success. Whether you are new to exercise, have dabbled in it your whole life, or are comfortable in your regular program, we will help you make the most of your Y membership! Ask at our welcome or wellness center to GET STARTED today!

### DIABETES PREVENTION

This 12 month program helps overweight adults at risk for type 2 diabetes reduce their risk for developing the disease by taking steps to improve overall health and well-being. Participants work together in a small group facilitated by a trained Y lifestyle coach to achieve the program goals of reducing individual weight by 7% and building up to 150 minutes of moderate physical activity per week for the purpose of reducing their risk for developing diabetes.
